

ISS Course Syllabus

Teacher: Candace Panchyshyn
Course Title: Computers

Grade: 5
HS Credit Value: N/A

Course Description:

In computers, students will have the opportunity to explore word processing, educational games, PowerPoint, Microsoft Movie Maker and the Internet.

Course Contents:

- World Geography
- Country Research
- Microsoft Word
- Internet searches
- Educational Games
- PowerPoint Presentations
- Microsoft Movie Maker

Resources:

- Computer lab

Evaluation System:

Evaluation will be based on the student's knowledge of Microsoft word, system log on and log off, ability to use the Internet as a research tool, PowerPoint presentations, participation, behavior in the computer lab and last quarter movie maker productions. Many computer projects will be incorporated into other subject areas.
