

Curriculum Document – Scope and Sequence

- Teacher: Marcus
 - Grade Levels: **9 & 10**

- Subjects: Geometry
 - Semester: **2**

		January	February	March	April
		Similar Polygon	Circles	Construction & Locus	Area & Volumes
		<ul style="list-style-type: none"> . Ratio & proportions . Definitions & similarity . Similar polygons & triangles . Right angle geometry 	<ul style="list-style-type: none"> . Circles and spheres . Tangents, arcs and chords . Special angles in circles . Special segments in circles 	<ul style="list-style-type: none"> . Basic constructions . Triangles and circles . Polygons . Locus meaning and use 	<ul style="list-style-type: none"> . Area of polygons . Area of circles . Surface areas of solids . Volume of solids
